## Subject: QUOTATION FOR HIRING SERVICES OF SECURITY CONSULTANT

Dear Sirs,

Jamshoro Power Company Limited-JPCL (a fully Government owned entity, incorporated under the Companies Ordinance 1984, with its principal place of business at Jamshoro, Sindh Pakistan, invites Quotations from prospective firms/consultants with experience in;

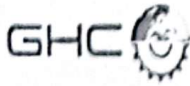

- ✓ Relevant security or engineering background.
- ✓ Experience in designing and deploying CCTV surveillance systems.
- ✓ Knowledge of security regulations and data protection laws.
- ✓ Familiarity with latest CCTV technologies and best practices.

### **Overview of the organization's security needs:**

JPCL intends to seek the services of security expert/consultant to conduct security audit and workout the solution for deployment of CCTV cameras and associated equipment at preferred locations covering the whole project and residential area for surveillance and security. All cameras should be IP based. The IP Based Video Surveillance system shall be a Hybrid System with distributed architecture having control station at the Server Room/Control Office & Viewing facility at the Manager Security office. The proposed Solution should allow JPCL officials to monitor its facilities from a remote location on a Portable/Fixed personal computer monitor. The Solution should capture, store, and analyze digital video images to enable central monitoring, increase operational efficiency, reduce liability, minimize risk and secure people & property. The CCTVs Surveillance System need to be functional on 24/7 and need to have at least 30 days data storage capacity for all cameras.

### **Purpose of hiring a security consultant:**

Safe and secure environment for Chinese and staff at JPCL plant area is of utmost priority. Therefore, JPCL has placed special emphasis on the security and surveillance of the project and living area so as to make it safe and secure for the whole community. JPCL is seeking to acquire a turnkey solution for the procurement and installation of dedicated surveillance CCTV cameras and associated equipment/material to establish a command & control system to prevent foreigners
