GENCO HOLDING COMPANY LIMITED (GHCL) AND JAMSHORO POWER COMPANY LIMITED (JPCL)

Invitation for Technical Proposals

Date:	6 th May 2016
Loan No. and Title:	Loan 3090-PAK: Jamshoro Power Generation Project
Contract No.:	ADB-L3090-PAK/ICB/JPGP/001
Deadline for Submission of Technical Proposals:	5 th August 2016 at 1400 Hrs

1. The Islamic Republic of Pakistan (the "Borrower") has received financing from the Asian Development Bank (hereinafter called "ADB") and Islamic Development Bank (hereinafter called "IDB") towards the cost of **Jamshoro Power Generation Project**. Part of the financing will be used for payments under the contract named above.
2. ADB and IDB will co-finance the funds to the cost for the first Unit and common facilities for both Units where IDB will co-finance major equipment to the extent allowable within the relevant financing agreement amount using its leasing mode financing. Any residual funds from ADB's loan from the first unit may be reallocated to the cost for the second unit subject to the request by GOP and approval by ADB. It is envisaged that the GOP will raise financing preferably from the Export Credit Agencies to fill the funding gap for the second unit. Bidders are advised that award of the second unit is conditional to the financing availability.
3. **Jamshoro Power Company Limited (JPCL)** ("the Executing Agency") invites sealed Technical Proposals from eligible Bidders from ADB and IDB member countries for the works and services in three (3) lots as follows:

Lot I:

EPC Contract for 2x660MW Jamshoro Supercritical Coal Fired Power Project – Unit 1 and common facilities;

Lot II:

EPC Contract for 2x660MW Jamshoro Supercritical Coal Fired Power Project – Unit 2 and expansion of common facilities;

Lot III:

O&M Contract for 2x660MW Jamshoro Supercritical Coal Fired Power Project – Unit 1, Unit 2 and common facilities

Bidders are required to submit proposals for all of the lots. If a bidder fails to submit Technical Proposals for all of the three (3) lots, such technical proposal(s) received shall be

declared invalid, rejected and returned unopened to the Bidder. It is intended that all three (3) lots will be awarded to the single successful bidder.

4. The new Coal-Fired Power Plant will be erected within the existing Jamshoro Thermal Power Site. It will consist of two Units of 660 MW capacity, Super-Critical, Coal-Fired Units. The scope of bid will be installation of 2x660 MW Thermal Power Project through an EPC Contract and O&M for 5 years from the provisional take over date of the first unit and the provisional take over date of the second unit. The coal receiving and unloading area will be to the south of the new generating units. The coal storage area will be to the east of the new generating units. The new cooling towers will be located west of the power blocks and southeast of the coal storage area. Raw water will be taken from the Indus River in a newly constructed intake structure and pump house. Waste water will be collected in a basin treated and reused to the greatest extent for coal dust suppression, ash handling and other purpose. For ash disposal additional land will be acquired adjacent to existing Jamshoro Thermal Power Plant.
5. To obtain further information, Bidders should contact:

Chief Executive Officer

Jamshoro Power Company Limited

Jamshoro Power Station

Mohra Jabal New Dadu Road, Jamshoro

7. **International Competitive Bidding** will be conducted in accordance with multi-stage bidding procedure and will proceed as follows:

- a) The Executing Agency will request the Bidders to submit Technical Proposals but without prices. The Technical Proposals shall be evaluated by the Executing Agency subject to non-conformities of material nature as defined in the Bidding Documents including those relating to the qualification of the Bidders. At the end of the evaluation of Technical Proposals, the Executing Agency will notify its findings individually to each Bidder and request that each Bidder rectify all non-conformities of material nature and submit its Final Technical Proposal. Prior to the submission of its final Technical Proposal, each Bidder will have the right to request the Executing Agency for a clarification of the rationale for the Executing Agency's required rectifications and confirm if its final Technical Proposal is fully responsive.

- b) Only Bidders submitting substantially responsive Final Technical Proposals shall be invited to submit Price Bids. All Bids that are received by the Executing Agency shall be evaluated and compared in accordance with the criteria set forth in the Bidding Documents.
8. To be qualified for the invitation for Bids, Bidders shall demonstrate, on the basis of the information submitted in the Technical Proposal, that they would be qualified and capable of undertaking the Contract satisfactorily. Bidders shall also be expected to satisfy the specific qualification criteria specified in Item 4 of Section 4 of the Bidding Document.
9. The Technical Proposals must be delivered to the following address on or before **5th August 2016 14:00 hours Pakistan standard time**, and the bids received will be opened immediately in the presence of those Bidders' representatives who choose to attend. Any late submission of Technical Proposal will be rejected:
10. The Pre-Bid conference will be held at Singapore from 25-05-2016 to 27-05-2016 the venue will be informed through email.
