2. Source of Funds	2.1	Federal Government PSDP
3. Eligible Bidders	3.1	A Bidder may be natural person, company or firm or public or semi-public agency of Pakistan. In the case of a joint venture, consortium, or association, all members shall be jointly and severally liable for the execution of the Contract in accordance with the terms and conditions of the Contract. The joint venture, consortium, or association shall nominate a Lead Member as nominated in the BDS, who shall have the authority to conduct all business for and on behalf of any and all the members of the joint venture, consortium, or association during the Bidding process, and in case of award of contract, during the execution of contract.
	3.2	The appointment of Lead Member in the joint venture, consortium, or association shall be confirmed by submission of a valid Power of Attorney to the Procuring Agency.
	3.3	A verifiable copy of the agreement that forms a joint venture, consortium or association shall be required to be submitted as part of the Bid.
	3.4	Any bid submitted by the joint venture, consortium or association shall indicate the part of proposed contract to be performed by each party and each party shall be evaluated (or post qualified if required) with respect to its contribution only, and the responsibilities of each party shall not be substantially altered without prior written approval of the Procuring Agency and in line with any instructions issued by the Authority.
	3.5	The invitation for Bids is open to all prospective suppliers, or authorized agents/dealers subject to any provisions of incorporation or licensing by the respective national incorporating agency or statutory body established for that particular trade or business.

	3.6	Foreign Bidders must be locally registered with the appropriate national incorporating body or the statutory body, before participating in this national competitive tendering with the exception of such procurements made by the foreign missions of Pakistan. For such purpose the bidder must have to initiate the registration process before the bid submission and the necessary evidence shall be submitted to the procuring agency along with their bid, however, the final award will be subject to the complete registration process.
	3.7	A Bidder shall not have a conflict of interest. A Bidder, who is found to have a conflict of interest, shall be disqualified.
	3.8	<p>A Bidder may be ineligible if;</p> <p>(a) he is declared bankrupt or, in the case of company or firm, insolvent;</p> <p>(b) payments in favor of the Bidder are suspended in accordance with the judgment of a court of law other than a judgment declaring bankruptcy and resulting (in accordance with the national laws) in the total or partial loss of the right to administer and dispose of its property;</p> <p>(c) legal proceedings are instituted against such Bidder involving an order suspending payments and which may result, in accordance with the national laws, in a declaration of bankruptcy or in any other situation entailing the total or partial loss of the right to administer and dispose of the property;</p> <p>(d) the Bidder is convicted, by a final judgment, of any offence involving professional conduct;</p> <p>(e) the Bidder is blacklisted and hence debarred due to involvement in corrupt and fraudulent practices, or performance failure or due to breach of bid securing declaration.</p> <p>(f) The firm, supplier and contractor are blacklisted or debarred by a foreign country, international organization, or other foreign institutions for the period defined by them.</p>
	3.9	Bidders shall provide to the Procuring Agency evidence of their eligibility, proof of compliance with the necessary legal requirements to carry out the contract effectively.
	3.10	Bidders shall provide evidence of their continued eligibility to the satisfaction of the Procuring Agency, as the Procuring Agency shall reasonably request.

4. Eligible Commodity	4.1	API-4 Grade Coal to be supplied under the contract shall have their origin in eligible source countries, for purpose of this Bid, ineligible countries are India and Israel .
5. One Bid per Bidder	5.1	A bidder shall submit only one Bid, in the same bidding process, either individually as a Bidder or as a member in a joint venture or any similar arrangement.
	5.2	A person or a firm cannot be a sub-contractor with more than one bidder in the same bidding process.
6. Cost of Bidding	6.1	The Bidder shall bear all costs associated with the preparation and submission of its Bid, and the Procuring Agency shall, in no case, be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

B. BIDDING DOCUMENTS

7. Contents of Bidding Documents	7.1	The Coal required, bidding procedures, and terms and conditions of the contract are prescribed in the Bidding Documents which should be read in conjunction with any addenda include: Section I -Invitation to Bids Section II - Instructions to Bidders (ITBs) Section III - Bid Data Sheet Section IV - Eligible Countries Section V - Technical Specifications, <i>Schedule of Requirements</i> with Ceiling Price Matrix Section VI - Standard Forms of Bid Section VII - Contract Forms and Draft Contract Format
	7.2	One Original and One Certified Copy to be completed and returned with the Bid
	7.3	The Bidder is expected to examine all instructions, forms, terms and specifications in the Bidding Documents. Failure to furnish all the information required in the Bidding Documents will be at the Bidder's risk and may result in the rejection of his Bid.
8. Clarification of Bidding Documents	8.1	A prospective Bidder requiring any clarification of the Bidding Documents may notify the Procuring Agency in writing or in electronic form that provides a record of the content of communication at the Procuring Agency's address.
	8.2	The Procuring Agency will, within two (2) working days, after receiving the request for clarification, respond in writing or in electronic form to any request for clarification provided that such a request is received not later than three (03) days prior to the deadline for the submission of Bids.

	8.3	<p>Copies of the Procuring Agency's response will be forwarded to all Prospective Bidders through an identified source of communication, including a description of the inquiry, but without identifying its source.</p> <p>In all cases, whether purchasing hard copies from designated offices or downloading of the Bidding Documents from the website of PA, the response of all such queries, addendum or corrigendum, will be available on the same link available at the website.</p>
	8.4	Should the Procuring Agency deem it necessary to amend the Bidding Documents as a result of a clarification, it shall do so.
	8.5	The Bidder's designated representative will be invited at the Bidder's cost to attend a Pre-Bid Meeting at the place, date and time mentioned in the Tender Document. During Pre-Bid Meeting, prospective Bidders may request clarification of the Technical Specifications, Schedule of Requirement, the Evaluation Criteria, Payment Terms or any other aspects of the Bidding Documents.
	8.6	Minutes of the Pre-Bid Meeting, if applicable, including the text of the questions asked by Bidders, and the responses given, together with any responses prepared after the meeting, will be transmitted promptly to all prospective Bidders who have obtained the Bidding Documents. Any modification to the Bidding Documents that may become necessary as a result of the Pre-Bid Meeting, shall be made by the Procuring Agency exclusively through the use of an Addendum/Corrigendum. Non-attendance at the Pre-Bid Meeting will not be a cause for disqualification of a Bidder.
9. Amendment of Bidding Documents	9.1	Before the deadline for submission of Bids, the Procuring Agency, for any reason, whether at its own initiative or in response to a clarification requested by a prospective Bidder or Pre-Bid Meeting, may modify the Bidding Documents by issuing addenda.
	9.2	<p>Any addendum issued including the notice of any extension of the deadline, shall be part of the Bidding Documents and shall be communicated in writing or in any identified electronic form that provides a record of the content of communication to all the bidders who have obtained the Bidding Documents from the Procuring Agency. The Procuring Agency shall promptly publish the Addendum on the Procuring Agency's web page.</p> <p>Provided that the bidder who had either already submitted their bid or handed over the bid to the courier prior to the issuance of</p>

		any such addendum, shall have the right to withdraw his already filed bid and submit the revised bid prior to the original or extended bid submission deadline.
	9.3	To give prospective Bidders reasonable time in which to take an addendum/corrigendum into account in preparing their Bids, the Procuring Agency may, at its discretion, extend the deadline for the submission of Bids.

	19.2	<p>The inner and outer envelopes shall:</p> <ul style="list-style-type: none"> a) be addressed to the Procuring Agency at the address provided in the Bidding Documents. b) bear the name and identification number of the bidding and provide a warning “not to open” before the time and date for bid opening. c) In addition to the identification required hereof, the inner envelope shall indicate the name and address of the bidder to enable the bid to be returned unopened in case it is declared “late”.
	19.3	If all envelopes are not sealed and marked as required or incorrectly marked, the Procuring Agency will assume no responsibility for the misplacement or premature opening of Bid.
20. Deadline for Submission of Bids	20.1	Bids shall be received by the Procuring Agency no later than the date and time specified in the Procurement Notice and Bidding Document.
	20.2	The Procuring Agency may, under exceptional circumstances and at its discretion, extend the deadline for the submission of Bids by amending the Bidding Documents, in which case all rights and obligations of the Procuring Agency and Bidders previously, subject to the deadline, will thereafter be subject to the new deadline.
21. Late Bids	21.1	The Procuring Agency shall not consider for evaluation any Bid that arrives after the deadline for submission of Bids.
	21.2	Any Bid received by the Procuring Agency after the deadline for submission of Bids, shall be declared late, recorded, rejected and returned unopened to the Bidder.
22. Withdrawal of Bids	22.1	A Bidder may withdraw its Bid after it has been submitted, provided that written notice of the withdrawal of the Bid, is received by the Procuring Agency prior to the deadline for submission of Bids.
	22.2	Revised bid may be submitted after the withdrawal of the original bid.

E. OPENING AND EVALUATION OF BIDS

23. Opening of Bids	23.1	The Procuring Agency will open the Bids in public at the address, date and time specified in the Procurement Notice and Bidding Document, and the following read out and recorded: (a) the name of the Bidder; (b) the presence of evidence of a Bid Security and (c) the receipt of tender fee (d) the quoted quantity with quoted price; in the presence of Bidders` designated representatives who choose to attend and other parties with a legitimate interest in the Bid proceedings.
	23.2	Bidders are advised to send in a representative with knowledge of the content of the Bid who shall verify the information read out from the submitted documents. Failure to send a representative or to point out any unread information by the sent Bidder's representative shall indemnify the Procuring Agency against any claim or failure to read out the correct information contained in the Bidder's Bid.
	23.3	No Bid will be rejected at the time of Bid opening except for late Bids which will be returned unopened to the Bidder.
	23.4	The Bidders' representatives who are present shall be requested to sign on the attendance sheet. The omission of a Bidder's signature on the record shall not invalidate the contents and affect the record. A copy of the record shall be distributed to all the Bidders upon request.
	23.5	In Single Stage One Envelope Bidding Procedure, the evaluation committee shall evaluate the technical as well as financial proposal, at a time within the bid validity period. The technically accepted bids will be considered for award of contract on least cost selection technique from low to high within notified ceiling price, subject to redressal of the grievances from all tiers of grievances.
24. Confidentiality	24.1	Information relating to the examination, clarification, evaluation and comparison of Bids and recommendation of contract award shall not be disclosed to Bidders or any other persons, not officially concerned with such process, until the time of the announcement of the evaluation report.
	24.2	Any effort by a Bidder to influence the Procuring Agency on processing of Bids or award decisions may result in the rejection of its Bid.
	24.3	From the time of Bid opening to the time of contract award, if any Bidder wishes to contact the Procuring Agency on any

		matter related to the Bidding process, it should do so in writing or in electronic forms that provide record of the content of communication.
25. Clarification of Bids	25.1	To assist in the examination, evaluation and comparison of Bids of the Bidders, the Procuring Agency may ask any Bidder for a clarification of its Bid including breakdown of prices. Any clarification submitted by a Bidder that is not in response to a request by the Procuring Agency, shall not be considered.
	25.2	The request for clarification and the response shall be in writing or in electronic forms that provide a record of the content of communication but no change in the prices or substance of the Bid shall be sought, offered, or permitted.
	25.3	The alteration or modification in the BID which may affect the following parameters will be considered as a change in the substance of a bid: <ul style="list-style-type: none"> a) evaluation & qualification criteria. b) required scope of work or specifications. c) all securities requirements. d) tax requirements. e) terms and conditions of bidding documents. f) change in the ranking of the bidder
	25.4	From the time of Bid opening to the time of Contract award, if any Bidder wishes to contact the Procuring Agency on any matter related to the Bid, it should do so in writing or in electronic forms that provide record of the content of communication.
26. 	26.2	A substantially responsive Bid is one which conforms to all the terms, conditions, and specifications of the Bidding Documents, without material deviation or reservation. A material deviation or reservation is one that: - a) affects in any substantial way the scope, quality, or performance of the Services. b) limits in any substantial way, inconsistent with the Bidding Documents, the Procuring Agency's rights or the Bidders' obligations under the Contract; or c) if rectified, it would affect unfairly the competitive position of other Bidders presenting substantially responsive Bids.
	26.3	The Procuring Agency will confirm that the documents and information solicited, have been provided in the Bid. If any of these documents or information is missing or is not provided in accordance with the Instructions to Bidders, the Bid shall be rejected.
	26.4	The Procuring Agency may waive off any minor informality, nonconformity, or irregularity in a Bid which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any Bidder.
	26.5	Provided that a "Technical Proposal of Coal Bid" is substantially responsive, the Procuring Agency may request the Bidder, to submit the necessary information or documentation, within a reasonable period, to rectify nonmaterial nonconformities or omissions in the Bid related to documentation requirements. Requesting information or documentation on such nonconformities shall not be related to any such aspect of the Coal Bid, linked with the ranking of the bidders. Failure of the Bidder to comply with the request may result in the rejection of Bid.
	26.6	If a Bid is not substantially responsive, it will be rejected by the Procuring Agency.
27. Examination of Terms & Conditions; Technical Evaluation	27.1	The Procuring Agency shall examine the Coal Bid to confirm that all terms and conditions have been accepted by the Bidder without any material deviation or reservation.
	27.2	The Procuring Agency shall evaluate that the "Coal Bid" submitted, confirms to " Schedule of Requirements and Technical Specifications " of the Bidding Document without any material deviation or reservation.

	27.3	If the Procuring Agency determines that the “Coal Bid” is not substantially responsive, it shall reject the Bid.
28. Correction of Errors	28.1	<p>Bids determined to be substantially responsive will be checked for any arithmetic errors. Errors will be corrected as follows:</p> <p>if there is a discrepancy between unit prices and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected, unless in the opinion of the Procuring Agency there is an obvious misplacement of the decimal point in the unit price, in which the total price, as quoted shall govern and the unit price shall be corrected;</p> <p>a) if there is an error in a total corresponding to the addition or subtraction of sub-totals, the sub-totals shall prevail, and the total shall be corrected; and</p> <p>b) where there is a discrepancy between the amounts in figures and in words, the amount in words will govern.</p>
	28.2	The amount stated in the Bid will be adjusted by the Procuring Agency in accordance with the above procedure for the correction of errors and with the concurrence of the Bidder, shall be considered as binding upon the Bidder. If the Bidder does not accept the corrected amount, its Bid will then be rejected, and the Bid Security may be forfeited.
29. Evaluation of Bids	29.1	The Procuring Agency shall evaluate and compare only the Bids determined to be substantially responsive.
	29.2	In evaluating the Coal Bid, the Procuring Agency shall use the criteria and methodologies listed in the NEPRA Guidelines in terms of eligibility & qualification requirements and technical specifications. No other evaluation criteria or methodologies shall be permitted.
	29.3	The comparison shall be between the “Ceiling Price” and the “Quoted Price”. The bid prices which remain within Ceiling Price, the price mentioned in the bidding document by Procuring Agency, will be declared as Successful Bids . The bid offers that exceed the Ceiling Price, will be declared as “Unsuccessful” .
30. Determination of Successful Bidder(s)	30.1	The Procuring Agency may adopt the Least Cost Based Evaluation Technique. The Bidders who offer mandatory quantity (5,000 Metric Tons) and the lowest price from the “Ceiling Price”, shall be declared as the Successful Bidder(s).

F. AWARD OF CONTRACT

31. Criteria of Award	31.1	The Procuring Agency will award the Contract to the Bidder(s) whose Bid has been determined to be substantially responsive to the Bidding Documents and who has been declared as Successful Bidder(s), provided that such Bidder(s) have been determined as: a) eligible. b) qualified to perform the Contract satisfactorily; and c) Successful negotiations have been concluded, if any.

3. EVALUATION AND AWARD OF CONTRACT

3.1 Criteria:

“The Coal Bids” shall be opened on the date, time, and address given in Tender Document (TNCB-17), in the presence of the representatives of the firms, who care to attend, the following read out and recorded: (a) the name of the Bidder; (b) the presence of evidence of a Bid Security and (c) the receipt of tender fee (d) the quoted quantity with quoted price the Bid Price shall be publicly announced to the attending representatives of the firms.

- 3.1.1 Documents submitted satisfy the requirements stipulated in Tender Document.
- 3.1.2 The quoted price must be market reflective and within the Ceiling Price.
- 3.1.3 The Bid validity period must be for 15 days as required by Tender Document.
- 3.1.4 The quoted quantity must not be lesser than 5,000 Metric Tons.
- 3.1.5 The quality of the coal shall be determined on weighted average basis of the complete order accepted quantity. Quantity rejected will not be part of total weighted average of the complete order.
- 3.1.6 The Bid Security must be in required percentage & form to satisfy the requirements of the Buyer.

3.2 Methodologies:

- 3.2.1 The Least Cost Based Selection (LCBS) method shall be adopted for evaluation of Bids.
- 3.2.2 The evaluation criteria shall be based on conformity to technical specifications, compliance with eligibility and qualification criteria and the lowest price quoted in comparison with “Ceiling Price” in the “Form of Bid Price” given in bidding document.
- 3.2.3 The evaluated substantial responsive bidder who would offer the lowest Coal Price per Metric Ton, as per Scope of Supply on “Form of Bid Price” and has satisfied the PA’s notified “Ceiling Price”, shall be declared as the “Successful Bidder(s)” and the contract shall be awarded on the basis of lowest bid price (100% price weightage). The Bidder whose quoted Bid Price is higher than the “Ceiling Price”, will be declared as “Unsuccessful Bidder”.

The Bids shall be evaluated as follows;

Criteria	Score
Bid Price	100
Total	100

The Lowest Evaluation Bid Price will be awarded on Evaluated Bid score of 100, other Bids will be assigned points on a pro-rata basis as:

$$\text{Evaluated Bid score} = \frac{\text{Lowest Evaluation Bid Price} \times 100}{\text{Evaluated Bid Price}}$$

- 3.2.4 The selection and award process shall prioritize the lower quoted irrespective of volume committed, hence a pool of suppliers to complete the requested quantity on a per month basis. By the order of the Quoted Price from low to high, the Award of Quantity will be on the basis of Quoted Quantity, until the Procurement Quantity is completed.
- 3.2.5 In the case of the same Quoted Price by multiple Bidders, the allocation of the Awarded Quantity shall be in proportion to the Bidder's Quoted Quantity.

3.2.6 The Bid(s) will not be considered if: -

- a) Bids received not in accordance with the requirements of Tender Documents.
- b) Bid received later than the date and time fixed for Bid submission;
- c) Offer is ambiguous or conditional;
- d) Any erasing/cutting/overwriting and not signed by the authorized representative;
- e) Failure to submit the Bid Security may result in the rejection of Bids;
- f) Any Bid with the minimum quantity of coal below **5,000** metric tons will be rejected;
- g) The Supplier/Firm is blacklisted by the government/any agency;
- h) The origin of the spot coal should not be in the sanctions list i.e., India and Israel.

3.3 Award of Contract:

- 3.3.1 The Bidder whose quoted price is the lowest and within the "Ceiling Price", shall be awarded the contract at its price.
- 3.3.2 The selection and award process shall prioritize the lower quoted price irrespective of volume committed, hence a pool of suppliers to complete the requested quantity on a per month basis. The PA may further negotiate prices from the lowest offered bid(s).
- 3.3.3 In case of default by a supplier, the shortfall quantity may be purchased on lower/equal price from any other successful bidder and the process will be repeated until the Procurement Quantity is completed.

3.4 Award:

- 3.4.1 The Successful Bidder(s) will be awarded with "Letter of Acceptance" to furnish 10% of Bid Value as "Performance Security" in shape of Telegraphic Transfer or **Bank Guarantee** and complete the signing of the contract within five (5) working days commencing from the date of issue of letter of intention "LOI"/ letter of acceptance "LOA" to award the contract.
- 3.4.2 The award price shall be subject to linear upward and downward adjustment (till rejection limit) as per actual NCV (ARB) received at plant and tested by an independent 3rd party testing facility.

11.	Volatile Matter	ARB	% by weight	21— 28	<21 or >28
12.	Total Sulfur	ARB	% by weight	0.64	>1.00
13.	Ash Content	ARB	% by weight	15—16	>17
14.	HGI			>46 or < 50	<43 or >60
15.	Hemispherical Temperature (HT) Oxidizing Atm	Oxidizing Atm	°C	1100—1300	<1100 or >1300
16.	Particle Size	AR	mm	0.5 — 30	> 30%
				30 — 50	>69.75%
				50 — 100	>0.25%

Note: Any damage to the Buyer's coal conveying system or delays in process of conveying the coal caused by the delivered Coal due to the coal size, moisture or viscosity etc., then the expenses arising therefrom related to repairing the conveying system and lost amounts of the capacity payments shall be borne by the Coal Supplier.

4.1 Quality determination:

Coal quality shall be assessed in accordance with the specifications tested on an ISO/ASTM/GB basis in the fuel laboratory; Ex-Railway Loading Point (*Optional*) and upon delivery on site in the PA's supervision, by third party testing laboratory mutually agreed and the cost of which shall be borne by the Seller.

4.2 Tramp Material:

The Coal Supplier shall always comply with prudent mining practices and select experienced transportation companies to fulfill the Buyer's requirement regarding quality and quantity of the coal under this Contract and minimize the tramp or waste materials (including mining debris, metal objects, bone, slate, earth, rocks, pyrite and wood, etc.). The

Coal Supplier shall be liable for any coal amount losses that are incurred by Tramp Material, and the Buyer shall be entitled to correspondingly deduct a certain Settlement Quantity amount. Besides, if there is any damage regarding the Buyer's equipment caused by the Tramp Material, the Coal Supplier shall also be liable for all the compensation costs and shall clear and remove all the Tramp Materials on its own costs.

5. WEIGHING, SAMPLING AND ANALYSIS

The weight of Coal shall be determined at the JPCL's Computerized Dynamic Weighbridge. The "Operating Committee" comprising of a seller's representative, shall be nominated by CEO JPCL, to issue a "certificate of weight" for the Coal. The weight thus determined, shall be final and binding for settlement purposes, save for fraud or manifest error, the Seller shall have the right to be represented during weight determination at its own expense.

5.1 Measuring Equipment:

The Buyer will ensure that the Measuring Equipment, at the Receiving Point, is all times calibrated as per the equipment manufacturer's standards.

In Dynamic Weighbridge, the speed error (Over or Under speed) is a common phenomenon, as experienced, on the part of railway train driver, which may cause missing or incorrect weighment of one or more wagons (Gross or Tare). In such a case, the committee shall resolve the matter unanimously.

If the Measuring Equipment is inoperative or declared to be inaccurate, the weight of any applicable Consignment of Coal under this Agreement shall be determined by the following alternate methods:

- (a) in the event of any inaccurate weighment of a wagon at the receiving end, the committee shall refer the weight of that wagon determined at Railway Loading Point.
- (b) in the event of a failure of the Measuring Equipment at the receiving end, the weight of any applicable Consignment of Coal under this Agreement, shall conclusively deem to be equal to weight determined at Railway Loading Point. The weight of Coal at the Loading Point for each Consignment (Train), shall be certified by the Operating Committee and shall be accepted as the quantity of Coal for which invoices are to be rendered and payment made in accordance with this Agreement.
- (c) in the event that the weighing facility at Railway Loading point is found inaccurate too, the supply of Coal Consignment would be halted till the availability of any of the weighbridge, the period of halt would be extended for the equal period of suspension for delivery and no any consequential loss would be recouped from the supplier in case supply halted by the JPCL.

5.2 Sampling and Analysis:

Sampling shall be conducted at JPCL plant site. The Seller, at his own for his confirmation & comfort, may conduct the coal analysis ex-railway and submit certificate of analysis (COA), if carried out, of respective consignment/lot to Buyer at the time of coal delivery at site.

An independent reputable surveyor shall be appointed at Plant site to conduct the sampling and chemical analysis as third-party analysis under the supervision of "Operating Committee" and the supplier shall bear all the cost. Sampling shall be conducted according to ISO/ASTM/GB standards using Auto Sampler/Manual Sampling with mutual agreement. A composite sample shall be split into 4 sub-samples, one for analysis by JPCL Lab, one for re-testing purpose, one for Seller, and one to be retained for umpire purposes. Seller shall have the right to be represented during sampling operations at its own expense.

Determination of the quality of the Coal shall be done by analysis of the laboratory sample. The Lab shall issue a certificate of analysis in accordance with ISO/ASTM/GB testing and analysis procedures, which shall be final and binding, save for fraud or manifest error or unless challenged in accordance with the procedure described below;

Either party shall have the right to challenge the result of the analysis made on the laboratory sample within 3 calendar days from the date of receipt of the certificate of analysis. The challenging party shall have the umpire sample analyzed using ISO/ASTM testing and analysis procedures by a mutually agreed nationally/internationally recognized independent laboratory. The umpire results shall be final and binding for both the parties.

Any coal supplied that does not conform to the specifications will be rejected and will be lifted by the Supplier at his own risk and cost within 15 days from the notice of rejection (NOR). However, any delay in lifting, the standard storage charges will be applicable @ 1% of the bid price per day of rejected quantity till such time the entire quantity is removed from the Site.

6. COAL PRICE AND PAYMENT

Price Determination:

6.1 PRICE

The price per Metric Ton of the Coal shall be calculated as follows:

Price

Pricing index applicable for South African Coal will be API4

6.1 Price Adjustment::

The Coal Supplier shall supply API-4 Grade Sub bituminous coal with the NCV benchmark of XXXX kCal/kg (as given in Typical Range) and the quality specifications shall meet the requirements of Buyer's specified specifications.

The delivered coal price shall be quoted and agreed (Rs.xxxx /MT). is considered as Benchmark price

The Coal Supplier shall fully consider the risks including but not limited to the relevant fluctuations of labor costs, petroleum price, transportation charges, CPI, related policies and laws, environmental protection, tax legislation, etc.

The Net Calorific Value (NCV) above **TYPICAL** and below NCV of **REJECTED** , the Price shall be adjusted on the following formula:

$$\text{Adjusted Price} = \frac{\text{Actual NCV} \times \text{Benchmark Price}}{\text{Typical NCV}}$$

The Buyer shall be entitled to reject the coal or not make any payment if NCV of the supplied coal is below Rejected limit (If NCV is less than 5700Kcal/Kg, for API-4, the lot(train) will be rejected at Supplier's costs.)

The Settlement Price = The Adjusted Price.

Supply Contract and coal settlement is subject to relevant policies and approvals/ decisions of NEPRA from time to time which includes but not limited to Guidelines for Procurement of Coal on Spot Basis issued by NEPRA.

Suppliers/Bidders shall fully accept NEPRA Coal Price determination policy or guideline all the time.

7.3 Payment Due Dates:

If the payment falls due on a Saturday or bank holiday, the payment date shall be the first preceding banking day. If payment falls due on a Sunday or a bank holiday, the payment date shall be the first following banking day.

7.4 Interest on Late Payments:

In the event, the payment is made by the Buyer beyond payment due date mentioned in LC at Sight, the Buyer is liable to pay interest on the late payment calculated from the payment due date to the date on which payment is made in full at the 1-month Karachi Interbank Offer Rate (ask).

(Note: However, if any queries are raised, in written, after the submission of invoice for payment by the JPCL then days 'time frame will freeze on the date of raising such query and no claim shall be admissible for delayed payment till the query is resolved by the Supplier).

7.5 Delays in the Supplier's Performance

Unless excused by Force Majeure or Buyer's failure to perform, the delivery of the Coal shall be made by the Seller in accordance with the time schedule prescribed by the Procuring Agency in the Schedule of Requirements.

7.5.1 If at any time during performance of the Contract, the Supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the Coal, the Supplier shall promptly notify the Procuring Agency in writing or in electronic forms that provide record of the content of communication of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the Supplier's notice, the Procuring Agency shall evaluate the situation and may at its discretion extend the Supplier's time for performance, with or without liquidated damages, in which case the extension shall be ratified by the parties by amendment of Contract.

7.5.2 The delay by the Supplier in the performance of its delivery obligations, shall render the Supplier liable to the imposition of liquidated damages, unless an extension of time is agreed upon without the application of liquidated damages.

7.6 Delays in Delivery and Liquidated Damages:

If the Supplier fails to deliver any or all of the Coal within thirty (30) days from the date of signing of contract/issuance of purchase order, the Procuring Agency shall, without prejudice to its other remedies under the Contract, deduct from the Contract Price, as liquidated damages, a sum of 0.1% of contract price per day of undelivered quantities up to maximum 10% equivalent to performance security, **plus** a sum equivalent to differential of any decrease in coal price per Metric Ton as per average weekly indexation of the API-4 as per Argus/McCloskey published price.

8. PERFORMANCE SECURITY

The successful Supplier has furnished a Performance Security of 10% of the total Contract Value to the Buyer in shape of Bank **Guarantee** after issuance of Letter of Acceptance by the Buyer to Seller (Performance Security = Quoted quantity x quoted price x 10%).

The Performance Security shall be returned to the supplier upon successful completion of the contract, but it will be encashed/forfeited, if the supplier fails to complete the contract.

The Performance Security amounting to Rs. xxxx/- (10% of the Contract Value) submitted by the supplier vide Bank Guarantee No. xxxxx issued by xxxx Bank xxxx, on dt. Xx.xx.2025

The amount of PG shall start to reduce pro rata with supply for the suppliers on successful supply of **25000 Metric Tons ±1%**, the PG will also reduce with that proportion and so on. The PG shall remain valid and in effect till the performance of the contract period.

The proceeds of the Performance Security shall be payable to the Procuring Agency as compensation for any loss resulting from the Supplier's failure to complete its obligations under the Contract.

The performance security will be discharged by the Procuring Agency and returned to the Supplier not later than thirty (30) days following the date of completion of the Supplier's performance obligations under the Contract, but it will be encashed / forfeited for the Sellers who fail to complete the contract.

9. REJECTION OF DELIVERED COAL

9.1 In case during the delivery period, the coal delivered did not fulfill the Buyer's coal procurement requirement, then the Coal Supplier shall be fined as per **Article 7.6** of this Contract.

9.2 If actual delivered coal is not as per the quality acceptance limits as **Article 4** of this Contract, the Buyer shall be entitled to reject the entire coal consignment without any cost on its side. The Coal Supplier shall be wholly responsible for uplifting and removing the rejected coal from the Plant coal yard at its own cost including the cleaning and sweeping of the Plant area. In case of delay in lifting, the standard storage charges shall be applicable and will be deducted from any Invoice or from Performance Security.

Note: Any coal supplied that does not conform to the specifications, will be rejected and will be lifted by the Supplier at his own risk and cost within 15 days from the notice of rejection (NOR). However, any delay in lifting the store, will be on payment of 1% of the bid price per day of rejected quantity till such time the entire quantity is removed from the Site,

10. DISPUTE RESOLUTION

Subject to the option set out in this clause below, all claims, disputes or differences whatsoever between the parties arising out of or in connection with this contract, including without limitation to any question regarding its existence, validity or termination, (a “**Dispute**”) shall be referred to arbitration Centre for Arbitration and Resolution of Disputes in Islamabad, in accordance with the Arbitration Act of the Pakistan.

The claiming party shall appoint one arbitrator and give written notice to the other party of the appointment (“**Arbitration Notice**”). The defending party shall appoint and give notice to the claiming party of the second arbitrator within 14 calendar days of the Arbitration Notice. The third arbitrator shall be appointed by the two arbitrators so appointed within 14 calendar days of the defending party’s notice. Failing appointment of an arbitrator by the defending party in accordance with this clause, the claiming party’s arbitrator may act as sole arbitrator, at the claiming party’s option. The arbitrator(s) shall have experience of commodities trading matters.

Subject to any right of appeal under the Act, any arbitral award rendered by the tribunal shall be final and binding upon the parties and judgment may be entered thereon or any order of enforcement obtained in any courts having jurisdiction.

Notwithstanding the provisions of this clause, Seller shall have the right to commence and pursue proceedings for interim or conservatory relief against Buyer in any court in any jurisdiction and the commencement and pursuit of such proceedings in any one court or jurisdiction shall not preclude Seller commencing or pursuing proceedings in any other court or jurisdiction (whether concurrently or not) if and to the extent permitted by the applicable law.

Notwithstanding the foregoing arbitration provisions, Seller shall have the option of referring any Dispute to the High Court of Sindh, or any other court having jurisdiction over the Dispute (the “**Court**”). If Seller is the defending party, such option must be declared within 14 calendar days of an Arbitration Notice and, upon such declaration, the parties shall procure that the arbitration be discontinued (without an award being given).

If Seller exercises its option, the parties waive any objection now or later to any proceedings relating to the contract being brought in the Court and the parties hereby irrevocably submit to the exclusive jurisdiction of the Court.

Promptly upon Seller exercising its option, Buyer shall notify Seller of an address for service of proceedings in the jurisdiction and the contact details of lawyers in the jurisdiction appointed to represent the other party.

A judgment relating to this contract which is given or would be enforced by a Court, shall be conclusive and binding on the parties and may be enforced without review in any other jurisdiction.

11. COMPLIANCE REGULATION:

- 11.1 All permits or NOC required by the Sindh Environment Protection Agency or Port Qasim Authority, shall be obtained by the Coal Supplier for transportation and delivery of coal. All environmental risks or related risks arising from transportation and delivery shall be borne by the Coal Supplier.
